## **General ordering and purchasing conditions of G. Schmid GmbH**

**1.1** The supplier undertakes to manufacture the products in accordance with the valid drawings specified by G. Schmid GmbH in the individual order and the specified customer standards and to check that they are delivered in accordance with these, as well as with the characteristics and specifications.

**1.2** G. Schmid GmbH aims to reduce the negative impact of its and purchased products on people and the environment. The supplier undertakes to comply with the relevant applicable laws and regulations and to implement the code of conduct of G. Schmid GmbH.

**1.3** The materials used and their ingredients must comply with the legal provisions regarding the environment, safety and recycling and, if necessary, those agreed separately in writing standards or drawing information.

**1.4** If the supplier obtains parts or services from sub-suppliers for the provision of services, this must be reported to G. Schmid GmbH in writing in advance and carried out to release G. Schmid GmbH in writing.

**1.5** Our suppliers are required to implement our principles of ethics and conduct ([Download-Link](#)) and to demand compliance from their suppliers as well.
